Description of Activity:	

This checklist is to help walk leaders in the planning for a walk. This isn't an exhaustive list, so think carefully about any specific risks you may encounter. It is likely that you will need to add to this risk assessment checklist. This form can (and should) be altered to suit specific walk requirements. You may wish to ask dog owner to read the BMC guide to reducing risk when encountering cattle: https://www.thebmc.co.uk/Taking-care-around-cows

Where you identify a particular risk you should note the actions you will take to reduce the risk. It's important to carry out a risk assessment before the walk takes place, and you can always add to this during the walk.
